

Pre-Operative Instructions

For MOHS Micrographic Surgery

- Plan to spend the day with us (between 3-6 hours on average).
- Wear comfortable clothing that does not pull up over your head, e.g. a top that buttons, V-neck sweater.
- You may eat a normal breakfast.
- Bring some lunch. We do have a refrigerator, coffee, tea and juice.
- Refrain from all alcohol seven days prior to surgery.
- You may require sutures after surgery and therefore, you will return to the office 7-10 days after surgery to have the sutures removed.
- Your co-pay is expected the day of your surgery. If you require a referral YOU are responsible to speak to your primary care physician and either fax it to us or bring it the day of your appointment. If you DO NOT have your required referral, your appointment will be rescheduled.
